

Lirisha Tayal

+91 8851409127 — tayallirisha@gmail.com — LinkedIn — Delhi, India

Summary

Frontend Developer with **4.5+ years** of experience building scalable, high-performance web applications using **React** and modern JavaScript. Proven ability to deliver **responsive, user-centric interfaces** across high-traffic platforms. Strong expertise in **debugging complex UI issues**, optimizing performance, and integrating third-party services. Adept at leveraging AI-assisted development tools to accelerate delivery and improve code quality.

Experience

Frontend Developer 2

Nov 2022 – Present

Z1 Tech, Delhi, India

- Architected and shipped **70+ responsive web applications** using **React, JavaScript, HTML5, CSS3** with **98%+ cross-browser compatibility** and **sub-3s load times**.
- Translated Figma/PSD designs into **pixel-perfect, cross-browser compatible interfaces** with a **mobile-first approach**.
- Delivered stable UI **performance** for high-traffic websites, ensuring seamless experience across devices and screen sizes.
- Integrated third-party **APIs**, analytics tools, and ad scripts while preserving layout integrity and performance.
- Diagnosed and resolved **700+ complex UI, DOM, and performance-related issues** using advanced debugging techniques.
- Collaborated with designers, product managers, and backend teams to deliver intuitive and scalable solutions.
- Improved development efficiency by leveraging AI tools such as **GitHub Copilot** and **Cursor**.
- Maintained clean, modular, and scalable codebases following best practices and code review standards.

Key Projects & Highlights

- **Insurance** – Lead generation funnel applications
 - * Led end-to-end redesign of **50+ funnel pages**, improving conversion rate by **8%**
Live: autoinsurance.quotenest.net
 - * Implemented lazy loading and performance optimizations, reducing bundle size by **35%** and improving page load speed.
 - * Developed **multi-step user flows** for auto insurance platforms, enhancing user journey and engagement.
Live: [2 Step](#)
- **VDO.AI** – High-traffic ad-tech and content platform
 - * Contributed to frontend development for a platform serving **10M+ monthly users** with **99.9% uptime**.
 - * Built and optimized multiple **ad formats** including video players, banner ads, and interstitial units.
 - * Developed **responsive, mobile-first UI components**, achieving up to **92% mobile engagement**.
 - * Integrated and scaled ad units across publisher websites while maintaining performance and layout stability.

Programmer Analyst Trainee

Feb 2022 – Nov 2022

Cognizant, Delhi, India

- Assisted in the development and maintenance of web applications in a collaborative team environment.
- Gained hands-on experience with **Java, Python, and database management**.
- Supported software testing and debugging to ensure application stability and quality.

Education

B.Tech, Electronics and Communication Engineering

2019 – 2022

Bharati Vidyapeeth College of Engineering, Delhi

Diploma, Electronics and Communication Engineering

2016 – 2019

Kasturba Institute of Technology, Delhi

Skills

Frontend:	React.js (Hooks), JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Next.js
APIs & Integration:	REST APIs, API Integration
CMS & Platforms:	WordPress, ClickFunnell
Version Control:	Git, GitHub, Bitbucket
Tools:	Jira
AI Tools:	GitHub Copilot, Cursor, ChatGPT, Claude

Achievements

- **Mover of Mountains Award:** Recognized for consistently achieving challenging targets and delivering high-impact results.
